Subject: Statistical Questions

Discussion:

I called Dendreon at 2:10pm and asked for more information regarding their SAS format file. Matt Harmon, their SAS programmer, responded that he needs to look at my SAS log file to know what additional format info he can provide to me. I asked if they feel comfortable to exchange the format info through Email since this is not a data set. They said OK and let me directly contact their SAS programmer with any SAS issues in the future.

The telecon ended at 2:30pm.
